---

Wiring bridge for modules with connecting pitch 17.5 mm, 1-phase, 4-pos.

---

## Your advantages

- In combination with other devices in the distribution board, such as residual current devices and miniature circuit breakers
- Practical wiring of all common applications
- For combinations of lightning and surge arresters

# MPB 18/1- 4 - Wiring bridge

## Technical data

### Product properties

|                     |             |
|---------------------|-------------|
| Product type        | Bridge      |
| Type                | Comb bridge |
| Number of positions | 4           |

### Electrical properties

|                                |       |
|--------------------------------|-------|
| Number of phases               | 1     |
| Nominal current I <sub>N</sub> | 100 A |

### Dimensions

|                     |                                                                                    |
|---------------------|------------------------------------------------------------------------------------|
| Dimensional drawing |  |
| Height              | 73 mm                                                                              |

### Material specifications

|                  |                 |
|------------------|-----------------|
| Color            | gray (RAL 7042) |
|                  | Copper          |
| Housing material | Plastic         |
| Contact material | E-Cu 58         |
